

Louis Kalbfield Unknowingly Aids Old-Time Friend to Defeat Shamrock

Louis Kalbfield has just learned that when he stopped on the road between Palatka and Bunnell last Friday to give aid to a party which had turned turtle into a ditch while driving a big Lozier limousin at a rapid rate of speed, that he gave aid to an old-time friend—Annie Oakley, the woman's champion pistol and rifle shot, for it was Miss Oakley who suffered a broken hip and a broken arm when the car turned turtle.

Mr. Kalbfield was driving behind the big gear when it upset two miles this side of Espanola. When he arrived at the scene he found the occupants struggling to extricate themselves, and at least one of them, Miss Oakley, was badly injured. He picked her up and placed her in another car which had arrived on the scene, little realizing who she was. Sunday morning he saw in The Times-Union that the injured woman was Annie Oakley. He will call to see her at the hospital in Daytona when he visits there this week.

Mr. Kalbfield has known Annie Oakley for many years. On the occasion of the last visit of the Buffalo Bill show here, with which organization she was connected for so many years, Buffalo Bill (William F. Cody), Miss Oakley, Mrs. Kalbfield and Mr. Kalbfield had their pictures taken together on the old show lot where Sparks' circus is showing today. Miss Oakley does not yet know that it was an old-time friend that extricated her from the automobile wreck.

Truck Growers Plan to Hold a Great Meeting

Marion county has announced a meeting of truck growers for next Thursday afternoon at Ocala when J. S. Edwards, of California, and A. R. Hale, of New York, will discuss marketing and co-operative associations as viewed from their experience with the California Fruit Exchange, Gold Butte Orange Association of Redlands, Cal., and North American Fruit Exchange. Mr. Edwards is an executive of the California associations and Mr. Hale was vice president and general manager of North American until the Federated Fruit and Vegetable Growers was formed.

While the addresses of both speakers will be along educational lines, it is said that their great knowledge of the advantages of co-operative marketing may result in the forming of new associations.

A general invitation is extended all farmers and growers of Putnam to attend this meeting which promises to be very important. Many have expressed themselves and plan to take the trip.

Beveridge to Turn His Mind to Work on Life of Lincoln

(By Associated Press)
Indianapolis, Nov. 13—Former United States Senator Albert J. Beveridge, who was defeated in the recent election for United States Senator by former governor Samuel M. Ralston, announced here last night that would start immediately upon the preparation of the "Life of Abraham Lincoln."

Mr. Beveridge stated that while he was completing his "Life of John Marshall," he had decided to write a life history of Lincoln. He said there would be at least four volumes on Lincoln.

Senator Fletcher Guest Tuesday at Rotary Luncheon

Relaxation tomorrow will have as guest of honor Senator Duncan U. Fletcher, who has accepted an invitation to address that body following the luncheon. This will be an occasion when there will be no vacant seats, as the ability of the senator, coupled with the high estimation in which he is held by all Palatkins, will call out a one hundred per cent attendance.

FUNERAL HELD TODAY

Funeral services over the remains of the late Mrs. A. S. Harroun, mother of Mrs. F. J. Smith, of Palatka, were held today at Daytona, and were attended by Mr. and Mrs. Smith, accompanied by their son of Palatka, and daughter, Mrs. Roy Cowan of Palatka. The services were held at the funeral home of Mr. and Mrs. Roy Cowan.

Americans Putting Something in Ocean to Defeat Shamrock

New York, Nov. 13—Sir Thomas Lipton was asked today, in view of controversy over a countryman's remarks, whether Americans were "bum sports." He countered with this story:

"A lady once wrote me that she was sure the Americans were putting something in the water so the Shamrock could not win. I wrote her back and said I thought she was right. The Americans were putting the Reliance in the water."

Phosphate Mines of Florida Ship in Large Quantities

Bartow, Nov. 13—The phosphate mines of Polk county are showing more activity since the fall season than has been shown since the pre-war days. This county contains the most valuable deposits of pebble phosphate in the world and for a number of years past has been supplying a large part of the demand of the world. The first shipments of pebble phosphate were made from this county in 1891 and since then they have nearly increased to 2,000,000 tons per annum with a value of \$10,000,000.

HAD ENJOYABLE PROGRAM

The Junior Missionary Society of St. James Methodist church held a very interesting meeting Friday evening at the home of their leader, Mrs. George E. Welch. The young people were pleased to have with them at this meeting, Miss Grace Urie, who aided to the program by telling "The Little Captive Maid." Mrs. Welch served ice cream and cake during the social hour following the program.

RAN FOR A RECORD

Walter Linton, Hudson Wigg and Ed. Shotwell, visiting in Daytona on Sunday, decided to break a record on the return trip. The distance, about sixty-two miles, was covered in exactly two hours, which is considered by those who have occasion to make a run over the near-road down the east coast as something over which there may be a trifling doubt. But the record is backed by an affidavit.

BELL FOUND INSANE

BY TWO EXAMINERS
William Bell, colored, examined this morning for lunacy by Dr. H. A. Johnson and Dr. G. E. Welch, pronounced of unsound mind, and is recommended for the state asylum at Chattahoochee. Officers of that institution have been notified.

COUPLE COLORED CASES

Arthur Smith, charged with assault and battery, was found guilty by the county court this morning, and a fine of \$25 was affixed. At the same session "Sonny" Williams was fined \$15 for carrying concealed weapons.

DEPUTY U. S. MARSHAL

BEATEN TO DEATH IN GA.
Atlanta, Nov. 13—Fred Crawford, deputy United States marshal, was beaten to death with an iron pipe at Center, Ga., yesterday by alleged whiskey runners. Two men are in jail.

CURIOUS FOCUSING OF SOUNDS

But the Explanation of Existence of "Whispering Galleries" is in the Main Simple.

The curious focusing of sounds in whispering galleries, such as the domes of St. Paul's cathedral and the capitol at Washington, is a phenomenon of much interest and impressiveness. The late Lord Rayleigh obtained evidence that the sound waves followed the concave surface to the point of increased audibility, and when a source of directed sound sent off its waves tangentially, the greatest concentration was observed. A bird-call being used, a small obstacle near the curved wall cut off most of the effect upon a sensitive flame.

In new experiments reported to the Royal society by G. V. Roussin and G. A. Sutherland, a ray of light was guided by a flexible mirror, and the reflection showed alternate bands of light and darkness. In observations with a steady source of sound at one point in the dome of St. Paul's, it was found that similar alternations of sound and comparative silence were produced at intervals of about a wave length of the sound as the ear was moved away. Very pronounced fluctuations of intensity were also noted when the observer's head was moved parallel to the curved wall, instead of radially, the effect being most marked at the side of the gallery opposite the source of sound. The sensitive flame responded to fluctuations.

WARRING CLOUDS CASTING SHADOWS OVER ALL EUROPE

Settlement War Debts and Reparations Are Fundamentals

(By Associated Press)

Chicago, Nov. 13.—Europe is more nearly on the verge of military conflict than at any period immediately preceding the world war, according to conclusions of members of the international trade commission of the Southern Commercial Congress, who will report to the annual convention of the organization to be held here November 20-22.

The commission has just returned from a tour of inspection and investigation in Great Britain, France, Belgium, Holland, Germany, Switzerland and Italy. The complete findings of the commission, to be submitted in a report to the meeting here and later presented to congress, will have been reached entirely from a non-political standpoint and without

"far or favor to view the problems and suggest remedies with an eye single to the economic betterment of the world," according to Clarence J. Owens, president of the congress.

"The fundamental problem is that of the settlement of the war debts and reparations," said Dr. Owens. "We desire to promote American business extension and the same reconstruction of the stricken nations of Europe. A settlement embracing these points cannot be handled piecemeal, but must include all nations, parties to international financial obligations. America, as a creditor nation to the amount of ten billion dollars, plus accrued interest, must see that its interests are protected."

"If a settlement is reached, and a settlement must be reached, and the peace of the world is to be restored and guaranteed, then two basic considerations must be understood and accepted, namely:

"1. America cannot cancel the debts of the nations but all nations must ultimately pay their obligations, with dignity and honor.

"2. The world war is ended and while hate and anger is still in the hearts of many, the settlements between nations formerly belligerent must be on a basis of mutual respect and consideration."

Building Freight Cars in Florida Is Newest Industry

(By Associated Press)

Lakeland, Nov. 13—What promises to become an important addition to south Florida's industrial resources is being developed in the Lakeland yards of the Tampa district of the Atlantic Coast Line Railroad company. In this yard some 25 complete freight cars, out of a first batch of 100, have been completed, from the track up. This is the first instance in south Florida where complete manufacture of freight cars has been successfully attempted.

With the exception of the iron work, which is assembled in the yard shops, every bit of the work is performed in the car department of the Lakeland yards, and the finished product, it is said, shows every evidence of being equal to the finest workmanship in any yard.

BOY SCOUTS ATTENDED

The fascination of seeing increased his payments from \$100 to \$150. Father Monahan, was the presence of a delegation of the local troop of Boy Scouts—who desired to pay tribute to the young comrade. There was a considerable number of friends of the family present. Interment was held at Oak Hill cemetery.

Hastings Ready for Tomorrow's Community Fair

The Hastings Community Fair will hold attention of the people Tuesday, November 14. Indications are that the fair will be a success in every way. Final preparations have been made and the curtain will rise on the fair association's maiden effort to hold a creditable exhibit of the products of this county early Tuesday morning. Great crowds are expected, not because the fair is going to be the biggest or the best to be held in Florida this year, but because it is a home affair put on entirely by home folks. Even the so-called midway attractions will be home products. Professor O'Haver has agreed to take charge of this feature.

NOTICE TO CONTRACTORS

The Board of County Commissioners of Putnam County, Florida, will receive bids until 2 p. m., December 4, 1922, for grading and surfacing with clay and sand-clay the Florahome road in Putnam County, according to plans and specification on file with Clerk of said board.

Said road will be about 22 miles in length. There will be approximately 54,000 cu. yds. of grading, 12,820 cu. yds. of sand-clay surfacing and 10,160 cu. yds. of clay surfacing. Bidders may bid on the whole work

or on any of the three divisions. Each bid must be accompanied by a certified check for 10 per cent of the amount of bid, payable to the order of the bidder, if awarded the contract, will enter into contract and for completion of work so ordered. A copy of the plans and specifications may be had for \$2.50. The board reserves the right to reject any or all bids. Published by order of the County Commissioners. This 13th day of November, 1922.

Enjoy Your Auto While Saving Money to Buy It.

The offer we are making to dispose of several rebuilt automobiles leaves no excuse for any man depriving himself of the pleasures of motoring. If you have a large family we have the very thing—a seven passenger, six cylinder Reo, good tires, new top, and mechanically perfect.

This Car on Credit for \$500.

You can arrange the payments so that they will not be so heavy you can't meet them, making a small cash payment down.

Another Big Bargain

If the family is not so large we have another five passenger Reo, in perfect mechanical condition and we'll put four brand new tires on it when you buy it. It is a car that you'll enjoy from every standpoint.

This Car on Credit for \$400.

Then we have others. We have a Hup, a Hudson super-six, and a little Saxon that we'll sell to some proud papa for his boy to tinker with and learn the rudiments of automobile operation. Take it away for \$35 cash.
